

REMARKS

Applicant has studied the Office Action dated August 2, 2004. Claims 1-4 and 28-37 have been cancelled without prejudice. Claims 5-27 remain pending in the application. Reconsideration and allowance of the pending claims in view of the above amendments and the following remarks are respectfully requested.

In response to the restriction requirement under 35 U.S.C. § 121, Applicant provisionally elects for continued prosecution of the Group II claims (i.e., claims 5-27) drawn to the logic sequences and circuitry of a circuit array module. Thus, Applicant requests examination of claims 5-27.

To advance prosecution, Applicant has cancelled claims 1-4 and 28-37 without prejudice or disclaimer. Applicant expressly reserves the right to file a divisional application with respect to these claims at a later date.

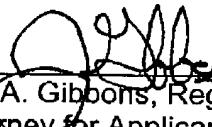

In view of the foregoing, it is respectfully submitted that the application and the claims are in condition for allowance. Reexamination and reconsideration of the application, as amended, are requested.

The Examiner is respectfully requested to direct future correspondence regarding this application to the undersigned attorney at the address below.

PLEASE CALL the undersigned attorney at (561) 989-9811 should the Examiner believe a telephone interview would advance prosecution of the application.

Respectfully submitted,

Date: September 1, 2004
